**RESOLUTION OF THE SECOND TERM OF THE CALL FOR
POSTDOCTORAL CONTRACTS WITH CPAN PARTIAL FINANCIAL
SUPPORT**

In accordance with what was established in the call of 11 of July of 2008, and after the consequent evaluation of the applications submitted within the second deadline, the Executive Committee of the CPAN has decided to award the grants detailed in the attached annex.

This funding is realized with charge to the Project Consolider-CPAN (CSD2007-00042). Its execution and justification is regulated by the Agreement of Execution CSIC-MEC of 10 of December of 2007, and by the Specific Agreement of Collaboration of 14 of March of 2008 signed by all the Institutions of the Consolider-CPAN project.

The assigned funding and its payment are conditioned to the observance by the beneficiaries of the requirements of the call, and, regarding the payment procedures for the second year, require the previous presentation (and positive evaluation by CPAN's Executive Committee) of a scientific-technologic report summarizing the activities.
